These reports will ensure all officer candidates or cadets and newly commissioned officers are offered incentives if they are eligible.

### 2. Authorized number of participants

The number of participants who may receive an incentive at any one time will be contingent upon the level of funding available in any given FY. Headquarters, Department of the Army (HQDA) or DoD guidance provided.

### 3. Retroactive provision

This policy updates specific provisions in effect from earlier FY incentive programs. Soldiers who entered into agreements in an earlier incentive program will continue participating according to their contractual agreement and this policy when applicable. This policy does not change the entitlement conditions, eligibility criteria, or benefits of earlier incentive programs. Total incentive amounts and anniversary payment schedules specified in the original incentive agreement executed at the time of enlistment, accession, reenlistment, extension, affiliation, commission, or appointment will remain unchanged. An incentive agreement cannot exceed the limits set by the law or authorized limits of the Secretary of the Army (SA). Retroactive entitlement or reinstatement based on the revised or amended policy is not authorized, unless specifically directed by ARNG G1 HRM.

## **ENCLOSURE 3: PROCEDURES**

### **1. GENERAL**

a. Incentives are a tool where other less costly methods have proven inadequate in supporting unit and skill staffing requirements. This policy, in conjunction with Army Regulation (AR) 601-210 and AR 621-202, prescribes eligibility criteria, procedures, and standards for administering ARNG incentives. This policy supersedes all previous SRIP policies, guidance, instructions, and EIOMs, unless otherwise stated.

b. Reenlistments and extensions will be performed IAW NGR 600-200, Chapter 8, Extension, Immediate Reenlistment, and Bar to Continued Service, unless specified within the eligibility criteria of each Reenlistment/Extension Bonus (REB) incentive type. Incentives are subject to suspension at any time and any updates or changes to this policy will be published in an EIOM. Although the ARNG attempts to list all eligibility requirements within the SRIP policy, additional requirements are detailed in AR 601-210 and/or AR 621-202. Direct any discrepancies to ARNG-HRM-I for disposition or additional instructions. Units, Retention NCO(s), MEPS GC(s), and RCCC(s) are responsible for ensuring potential recipients meet all enlistment, reenlistment, and extension eligibility criteria in addition to incentive eligibility criteria prior to offering any incentive which would create a fiscal obligation to the ARNG. The only authorized forms of signature on enlistment/reenlistment documents and bonus addendums are the common access card (CAC) signature with the date populated in the CAC field or electronic signature pad, unless given authorization by HRM-I prior to the incentive contract being signed. Enlisted Affiliation Bonus (EAB) Addendums are authorized CAC or wet signature. An Exception to Policy (ETP) is required without prior authorization from HRM-I for any other form of signature. Any violations to this policy will be addressed IAW Enclosure 2, paragraph 1b(2). This policy, all active EIOMs, and previous policies are posted in the GKN Portal here: [ARNG G1 Operations Division - Documents - All Documents \(sharepoint-mil.us\)](#).

### **2. APPLICABILITY**

a. The policy applies to individuals entering or currently serving in an active status within the ARNG Selected Reserve. This program, however, does not apply to Active Guard Reserve (AGR) (unless IAW Enclosure 7) (Exception 79T AGR) or Dual Status Military Technicians (DSMTs) per AR 601-210 (unless IAW AR 601-210, 10-16a(6)).

b. All individuals assessing into the ARNG who may qualify for an incentive must be processed at and through MEPS systems applications, meet all eligibility requirements for each incentive. (Exceptions: Soldiers transitioning from Active Duty (AD) to the ARNG, and current ARNG Soldiers serving in an active status do not process through MEPS system applications. Individuals processing under the Marine-to-Guard program

## ARNG-HRZ

SUBJECT: The Army National Guard (ARNG) Selected Reserve Incentive Program (SRIP) Policy (ARNG-HRZ Policy #25-01)

shall be processed similar to the AC to RC process, but through REQUEST application for vacancy reservation. Incentive addendums executed at MEPS will be signed and dated as the same date of the enlistment date.

c. Service Members assessed and/or assigned to any unit within the ARNG remain fully eligible while assigned to both a Modified Table of Organization (MTOE) and a Table of Distribution and Allowance (TDA) unit regardless of units deployable status. All potential and current ARNG service members will be processed IAW the eligibility requirements addressed in Enclosure 16 (Incentive Eligibility and Authorized Amounts) for each specific incentive.

d. An officer or enlisted member is not eligible for an incentive if the individual was previously discharged or released from any period of active duty or military service based on a determination of misconduct, substandard duty performance (includes failure of HT/WT and failure of APFT/ACFT, or moral or professional dereliction).

e. ARNG Soldiers who were fully eligible for extension at the time of separation and within 365 days of the last ARNG discharge date are not authorized incentives.

f. Individuals enlisting under the 09C Program managed by the ARNG Strength Maintenance Division (ARNG-HRR) may qualify for an incentive after completion of English as a Second Language training, achieving the required Armed Services Vocational Aptitude Battery (ASVAB) score and meeting all other eligibility requirements specific to the incentive. Note: Off Peak Bonus not authorized.

g. Soldiers categorized as 09M (retest) or on AD under enlistment Option 26 are not authorized incentives.

h. Soldiers must meet security clearance requirements for the MOS or skill selected. Enlisted incentives are authorized upon MOS qualification, which may be prior to final security clearance approval by outside agencies. Soldiers must be counseled that non-approval or loss of a security clearance may result in reclassification or recoupment.

### 3. REQUIREMENTS

a. System Access: One of the management tools critical for administering the ARNG SRIP is the GIMS. Each GIMS user must request either privileged or non-privileged level access. Privileged users include all individuals that will action records within GIMS whereas non-privileged users will have view only access to records. All users of GIMS are required to complete a DD Form 2875 and initial Information Assurance (IA) awareness orientation training as a condition of access and thereafter must complete annual IA refresher awareness training. Users who are not appropriately certified within 12 months of assignment to a position, or who fail to

The Comptrollers Accreditation and FL course certificate is only valid for three years. If it has been three years since the user last completed the FL course, a new one must be awarded. Failure to have a valid certificate will result in the user being reduced to lower-level access. (Validation required every year)

#### 4. SYSTEM OVERRIDES

All requests for system overrides must be made through the appropriate channels and require approval by the relevant authority within GIMS and/or RMS. The approval authority for override requests is determined by HRM-I and may be changed as per the system and/or mission requirements. In the event of recognized system outages, please follow the procedures specified in Enclosure 11 (Manual Process).

#### 5. FORFEITURE OF PAYMENT

a. Incentives contracts paid through annual installments are subject to payment forfeiture. Once a payment has been forfeited there is no recourse to reinstate the forfeited payment. The following circumstances will apply:

(1) An annual payment will be forfeited if the Soldier has one to eight unexcused absences within the 12 months preceding date of entitlement, upon ninth unexcused absence, see Enclosure 8 (Termination of Incentives). If the Soldier makes up the unexcused absence before the date of entitlement, they should be entitled to maintain that annual payment. State IMs will be able to cancel the payment using GIMS. An Admin Correction Request (ACR) will be required to renumber installment numbers and minimize rejection by DFAS.

(2) SLRP payments will be forfeited if a Soldier does not turn in all required documents for processing within 365 days of the authorized date of entitlement. Soldiers may request an ETP due to extenuating circumstances. This applies to Soldiers entering an initial obligation SLRP agreement (having met all initial eligibility to receive payments) and all current ARNG Soldiers with an active SLRP incentive that have not submitted all required documents within the timeline prescribed. State IM may use notification template (see Enclosure 14) for Soldiers with an active SLRP incentive prior to FY 25. Soldiers with an active SLRP incentive prior to FY 25 will be given 90 days from publication of FY 25 SRIP to submit all required documents. State IM will utilize an ACR to cancel the forfeited payment.

In the event that an addendum has been lost, the State IM can submit all supporting documentation to the Lost Addendums inbox [NGB-HRMI-Lost-Addendums@army.mil](mailto:NGB-HRMI-Lost-Addendums@army.mil). HRM-I will review and process this request and issue a new addendum with 'Lost Addendum' in red across the header and assign an issuance number.

b. In the event that an addendum was issued as an obsolete version or the incorrect incentive type, the State IM can submit all supporting documentation to the Corrected

## 2. CONTRACT TERMINATION AND SETTLEMENT PROCESS

a. Purpose. Provide guidance for the resolution of incentive eligibility issues when bonus contracts are not in compliance with law, regulations, or policy. This guidance also provides the process for terminating an incentive contract appropriately.

b. Program Management. The IM is responsible for executing the SRIP, to include establishment, monitoring, and payment of each incentive within the program.

## ARNG-HRZ

SUBJECT: The Army National Guard (ARNG) Selected Reserve Incentive Program (SRIP) Policy (ARNG-HRZ Policy #25-01)

c. The settlement process uses four categories to organize violations. The types and definitions of the four categories are:

(1) State Level Authority- Incentive issues caused by incorrect IPPS-A coding, inaccurate orders issuance, and missing documents in iPERMS or GIMS should be corrected at the State level. These issues can usually be addressed by amended orders, DA 4187s, revoked orders, or other internal state processes. An ETP is not required for these issues.

(2) The ARNG Level Authority- Incentive issues that are not correctable by the State, and the State submits a Soldier's request for an ETP to the ARNG. The ARNG can make approval determinations when the incentive issue is a violation of the applicable ARNG Incentive Policy. If the issue violates a higher-level authority's regulation, policy, or statute, the ARNG will follow the applicable resolution path.

(3) The Department of the Army (DA), Office of Secretary of Defense (OSD), or Statutory Authority- Incentive issues relating to law, DoDI, DoD regulations and policy, and DA policy. The ARNG Level Authority has been delegated limited authority to waive the requirement to recoup funds already paid to the Soldier in some cases involving DA Policy. While an ETP cannot always be approved to waive the requirement to terminate, the denied ETP may provide guidance to the State IM to terminate without recoupment. Only DA and/or OSD have authority to grant relief from termination for issues in this category.

(4) Suspected Fraud, Waste or Abuse- Incentive contracts that demonstrate evidence of improper administration permitting erroneous incentive payments are subject to recoupment by federal statute(s) and/or DoD and Federal Management Regulations (FMR). Any alteration to an incentive addendum will be treated as suspected fraud. All cases will be reported to HRM-I and must be thoroughly investigated by the State to determine appropriate legal disposition. Decisions will be reported to HRM-I. If the State does not take appropriate level actions to investigate, the ARNG level authority will take actions as necessary.

d. Erroneous overpayments are defined as payments made more than the Soldier's contracted payment amount, more than limits established by Law, and/or DoDI/Army Regulations/ALARACTs, or payments that were not legal and proper when made. Erroneous overpayments must be recouped as soon as discovered. There is no ETP process authorized for erroneous overpayments.

e. Settlement process for State level authority corrections. State SRIP personnel are not authorized to submit an incentive for payment processing until the issues identified in paragraph 2c(1) are corrected in IPPS-A, iPERMS and GIMS as required.

ARNG-HRZ

SUBJECT: The Army National Guard (ARNG) Selected Reserve Incentive Program (SRIP) Policy (ARNG-HRZ Policy #25-01)

f. The termination process uses five phases to process termination of an incentive contract. The phases and definitions are:

(1) Identify the Violation

(a) State IM should review the addendum/agreement and applicable policies and/or regulations to include EIOMs, SMOMs, PPOMs, etc to verify eligibility based on the identified violation.

(b) When a violation is identified, continue to research the contract in it's entirety to document and address all violations that have occurred during the contractual obligation.

(2) Terminate the Contract (in GIMS)

(a) Once violations have been identified, the contract should be terminated in GIMS (with detailed remarks) with the effective termination date of the earliest (first) violation on the incentive contract. Exception: If the bonus has not been established in the DJMS-RC, the IM will complete an ACR in GIMS to move the contract to a QA/QC bin. Once the ACR is complete, the IM will invalidate the bonus. Due process is still required unless otherwise stated.

(b) Identify whether the termination is with or without recoupment based on Enclosure 8 (Termination of Incentives).

(c) If a Soldier is terminated without recoupment but still entitled to a pro-rated payment, the State IM will be required to select 'with recoupment' in GIMS to send the correct data to DFAS to generate the pro-rated payment.

(3) Complete Due Process (if required)

(a) Due process is intended to allow the Soldier and/or unit a minimum of 45 days to provide supporting documentation or request an ETP. If neither happen at the expiration of 45 days the IM may proceed to terminate the contract appropriately. The State may allow more than 45 days if they are actively working with the Soldier and/or unit to receive supporting documentation or submit an ETP request.

(b) The State IM is not required to notify the Soldier if no additional payments are scheduled, the Soldier is not due any additional funds, and no funds are required to be collected from the Soldier. (No notification is required to Soldiers that fail Initial Active-Duty Training (IADT).)

ARNG-HRZ

SUBJECT: The Army National Guard (ARNG) Selected Reserve Incentive Program (SRIP) Policy (ARNG-HRZ Policy #25-01)

(c) The State IM is required to notify the Soldier if there are additional payments scheduled/due, or funds will be required to be collected from the Soldier.

(d) The State IM will notify the Soldier and the Soldier's current unit of assignment of the issue requiring bonus termination and the ETP option using the DA Form 4856 (preferred document), or the Notification of Incentive Discrepancy Memorandum (Enclosure 14).

(e) In cases where the Soldier is no longer in the ARNG and cannot be notified by any other means, then the memorandum will be mailed to the Soldier's last known Home of Record (HOR) address in IPPS-A by USPS mail (Certified mail is not required). Remarks confirming notification must be entered into the GIMS.

(f) In the event that a Soldier requests an ETP the State IM will follow the steps below IAW Enclosure 8, 2g.

#### (4) Review and Verify the Termination

(a) The State IM will review and verify all termination data to include the termination reason, date, with or without recoupment, and all other fields are filled out correctly.

(b) If a Soldier has filed an ETP the State IM will ensure termination data is updated based on ETP results. If the ETP was approved, an ACR will be required to move the contract back to an active status.

#### (5) Process the Termination

(a) Once all termination data has been verified and updated (as needed), the termination must be processed at the State level through both the 1st and 2nd reviews and forwarded to the next level for review.

(b) 2R will confirm the validity of the terminated bonus and forward to State USPFO for final review and processing.

(c) The IM will monitor the Termination Rejected Bin or work with their USPFO and will ensure all rejected transactions are corrected and re-queued as required.

#### g. Termination Amounts Defined

(1) The number of months served satisfactorily during the term for which an incentive was paid will be multiplied by the monthly rate authorized by the particular incentive. The monthly rate is calculated by dividing the total incentive amount by the

ARNG-HRZ

SUBJECT: The Army National Guard (ARNG) Selected Reserve Incentive Program (SRIP) Policy (ARNG-HRZ Policy #25-01)

number of months of service the member has agreed to serve. This calculation results in the Service member's "earned incentive."

(2) That "earned incentive" must be subtracted from the total incentive amount paid to the individual to date (initial and any subsequent payments).

(3) If the "earned incentive" is less than the total incentive amount paid, the overpayment to the individual must be recouped. If the "earned incentive" is more than the payments received to date (total of initial and any subsequent payments), the excess amount will be paid in the final installment.

#### h. Request an ETP

(1) The State IM will assist the Soldier in preparing an ETP request by ensuring all documents IAW Enclosure 14 are combined and submitted. ETP packet requires a G1/MILPO memo with a recommendation; if there is no recommendation, the ETP will be returned to the State.

(2) The Soldier must submit any related documents that support their request. If the Soldier provides the requested documents within 45 days, the IM will submit an ETP on behalf of the Soldier. The IM may allow the Soldier additional time to submit the required documents if it is determined that circumstances warrant it.

(3) If all supporting documentation required for submission of the ETP is in the Soldier's iPERMS, and the reason for the ETP is administrative errors by someone other than the Soldier, such as missing witness or service representative signatures and/or dates, the IM can submit an ETP on the Soldier's behalf. In these cases, a Soldier statement will not be required as part of the ETP packet.

(4) The IM will submit and track the ETP request to HRM-I manually, by sending ETP request to [ng.ncr.ngb-arng.mbx.arng-etps@army.mil](mailto:ng.ncr.ngb-arng.mbx.arng-etps@army.mil). Each ETP will be considered on a case-by-case basis.

(5) If the Soldier elects to submit an ETP but fails to provide the requested documentation within the authorized time frame, the IM must enter detailed remarks in GIMS and process the termination through the 2nd review to the next level for review.

(6) If the Soldier fails to respond to the discrepancy notification and the incentive is terminated, with or without recoupment, the Soldier is no longer eligible to file for an ETP. The Soldier may file a claim with the ABCMR if they disagree with the termination.

ARNG-HRZ

SUBJECT: The Army National Guard (ARNG) Selected Reserve Incentive Program (SRIP) Policy (ARNG-HRZ Policy #25-01)

(7) States may track ETP submissions on the ETP Tracker found on HRM-I GKN at <https://armyeitaas.sharepoint-mil.us/sites/ARNG-G1-HRM/Lists/HRMI%20ETP%20TRACKER/AllItems.aspx>

i. Disposition of ETP

(1) Upon final adjudication of the ETP, the State IM will update GIMS, notify the Soldier of the results using the template in Enclosure 14, upload the determination in iPERMS under Name 'Bonus Agreement' and Title 'Approval or Disapproval Written Bonus Agreement', and upload in GIMS.

(2) If the ETP was approved, the State IM should ACR the contract back to an active status and continue processing.

(3) If the ETP was disapproved or disapproved but granting relief from recoupment, the State IM should update the termination data appropriately and continue processing the termination through 1st and 2nd level reviews including detailed remarks reference the ETP determination.

(4) Army Board for Correction of Military Records. If the Soldier is not satisfied with the final disposition of the ETP, or believes there is an error or injustice, the Soldier may file a claim with the ABCMR at <http://arba.army.pentagon.mil>.

(5) Terminations that require a CMS case should follow guidance IAW Enclosure 10.

### 3. DISPOSITION OF INCENTIVES FOR MEDICAL SEPARATIONS

a. In accordance with Department of Defense Financial Management Regulation (DoDFMR) 7000.14-R, Volume 7A, Chapter 2, Table 2-1, Rule 2, If a member under a written agreement for a pay or benefit incurs an injury or illness, through no misconduct of the member, that precludes the member from fulfilling the service conditions specified in the written agreement and the member is separated or retired for disability under 10 USC Chapter 61 and if such separation or retirement is for a disability incurred in the line of duty in a combat zone designated by the President of the United States or the Secretary of Defense, or in a combat-related operation designated by the Secretary of Defense, and/or involves a combat-related disability as defined in 10 USC 1413a(e) any unpaid pay will be paid to the member upon separation.

b. State IM will work directly with their State Medical office to determine eligibility of final payment. Ensure no documentation is placed in GIMS that would violate the Health Insurance Portability and Accountability Act (HIPAA).

## 2. OUT OF SERVICE PROCESSING FOR SLRP CONTRACTS

a. Out of service SLRP recipients that have turned in all required documents for open fiscal year payments can continue to process through GIMS as normal. Due to these payments being paid directly to the financial institution, there is no requirement for the Soldier to be in service or have a visible MMPA.

b. Out of service SLRP recipients that have not turned in required documents can be processed as follows:

(1) Send out of service Soldier a notification memo (see Enclosure 14) via United States Postal Service stating that they have 45 days to contact the State Incentive Management Office to process SLRP for payment. Upload Soldier notification memo into the GIMS under contract/document folder. If Soldier responds with appropriate documentation, then process payment. If Soldier does not respond within 45 days, then proceed to subparagraph 2.

(2) ACR the contract to status 'contract complete' in GIMS.

(3) Should a Soldier seek payment later, contract data in GIMS will need to be updated into an active status through an ACR for payment processing following closed year or open year guidance, whichever is applicable. For contracts issued in FY 25, follow Enclosure 3, paragraph 5a(2).

SUBJECT: The Army National Guard (ARNG) Selected Reserve Incentive Program (SRIP) Policy (ARNG-HRZ Policy #25-01)

## **ENCLOSURE 10: CASE MANAGEMENT SYSTEM (CMS)**

1. PURPOSE: CMS is a management system used for entering, tracking, resolving, and reporting pay. It was developed to give the finance and personnel communities the ability to resolve issues with a Soldier's records that cannot be resolved by directly updating the various pay or personnel systems. All Incentive Managers are recommended to have access to CMS.

a. CMS is used by the Incentive Manager(s) to request corrections to Soldier pay records. These corrections include but are not limited to bonus master record MMPA corrections, RC-MMPA payments, establish debts, request CZTE reimbursement or adjusted W-2's, transactions for Soldiers assigned to the ING, and other actions as necessary. The RC-MMPA must be visible to process transactions, if RC-MMPA is not visible process IAW Enclosure 9.

b. CMS is not intended to be the first method to resolve issues with the pay records of a Soldier; it is intended to be the last resort. Transactions that can be processed in GIMS should be attempted fully prior to submitting a CMS case.

2. Obtaining a User ID and Password:

a. A DD Form 2875 (System Authorization Access Request) is not required to obtain access to the CMS system. Contact your Terminal Area Security Officer (TASO) in the Military Pay Office of the USPFO to request access per State requirements. Access is granted using the Account Management & Provisioning System (AMPS) website. AMPS can be accessed using the following link: <https://prov.amps1.dla.mil/identity/faces/home>. The roles required to use CMS to its full potential are DFAS CMS Prod – Army View Update CMS-019 and DFAS CMS Prod – Army Management CMS-070.

b. The Incentive Manager(s) will have access to the Incentive Manager inbox found under the USPFO unless otherwise directed by their USPFO.

c. Usernames and Passwords become "inactive" if not used after 30 days. This will require the unit TASO to reset the password for the user. Usernames and passwords are no longer used. CMS is fully functional using a CAC card. Accounts not logged into every 30 days will become "inactive" or "suspended". To bring the account back to an "active" status, please reach out to the TASO used to request the initial access.

d. Usernames and Passwords become "archived" after 90 days. This will require the user to re-submit a DD Form 2875. If a user account remains "inactive" or "suspended" for 60 days (total of 90 days with no activity), it will be "archived" or "deactivated". This means that the user will be required to resubmit a new user request should the access need reinstated.

ARNG-HRZ

SUBJECT: The Army National Guard (ARNG) Selected Reserve Incentive Program (SRIP) Policy (ARNG-HRZ Policy #25-01)

3. CMS Case Types and Routing: CMS cases require specific information and documentation to be processed. These requirements can change at any time based on DFAS guidance. Overall, CMS cases are divided into two types: In Service and Out of Service. The overall type and sub-type of case determines what supporting documentation is required.

a. An In Service case is defined as a case in which the Soldier has a visible RC MMPA and the monies due to the Soldier or owed to DFAS are paid using the RC MMPA. On the DD Form 139, in the 'TO' block use address: ARNG-RMC-F, 8899 E 56th Street, Indianapolis, IN 46249.

b. An Out of Service case is defined as a case in which the Soldier is due payment or owes monies to DFAS using the RC MMPA, but it is no longer visible. On the DD Form 139, in the 'TO' block use address: DFAS-IN/JFEA, DCMO 3891, 8899 E 56th Street, Indianapolis, IN 46249. There are two instances where this could occur:

(1) Soldier has accessed into a position that uses an AC MMPA such as Title 32 AGR or Title 10 AGR which closes their RC MMPA.

(2) Soldier has left service due to ETS or transitioning to IRR, ING, or retirement and has no visible MMPA. This type of case will require the addition of the Soldier's last known Home of Record (HOR) and their Date of Separation (DOS) from service on the DD 139.

c. Both case types require comments from each level that reviews and/or actions the case. The comments should be short, concise, and direct. Explain exactly what you need to be corrected. Provide the information currently in the system attempting to be changed (primarily DJMS) and the information it needs changed to. Clarify on the DD Form 139 "All attempts to process required transactions in the system of record have been exhausted". This will prevent the case being returned for correction and a promote a shorter processing time.

d. All cases that fall into this category are to be routed to the following inbox in CMS for review and DD Form 139 signature prior to being processed or sent to DFAS as necessary: Service / Army / National Guard / NGB-Financial Services Center / NGB SRIP Incentives.

4. CMS Case Supporting Documentation: Supporting documentation is required with all cases created in CMS. However, the required documentation will vary depending upon the reason for case submission. The most common supporting documentation needed for cases include but are not limited to:

## ARNG-HRZ

SUBJECT: The Army National Guard (ARNG) Selected Reserve Incentive Program (SRIP) Policy (ARNG-HRZ Policy #25-01)

- a. DD Form 139 (**unsigned** with clear and concise explanation)
- b. DD Form 214's
- c. Relevant LESs
- d. Enlistment Documentation
- e. Incentive Addendum
- f. DJMS screenshots
- g. Termination notifications
- h. Due process verification
- i. ETP/ABCMR results

5. CZTE Cases: CZTE cases submitted in CMS have their own list of required documents. All CZTE cases are to be routed: Service / Army / National Guard / NGB-Financial Services Center / NGB SRIP Incentives. These cases also do NOT require the DD Form 139. The required documents for this type of case are:

- a. A90 report (see local USPFO to pull from Corporate Electronic Document Management System (CEDMS) or DJMS (can be used if within last 12 months))
- b. DA Form 4836
- c. Full bonus contract or BRS-CP election form
- d. Mobilization and/or TCS order (service member still in country)
- e. DD Form 214 (service member stateside)
- f. LES of incentive payment

6. CMS Case Timeline Completion: CMS cases can be a long process from submission to completion and can be dependent upon the complexity of the case. There is no standard timeline for processing these cases as many offices can be involved in the resolution for each case. The timeline starts from the day the state or territory submits the case to the NGB SRIP inbox. If a case has exceeded the timeline below, or assistance is needed to make the case a priority due to IG or Congressional

ARNG-HRZ

involvement, please send an email with the case number in the subject line to the NGB CMS Assistance Mailbox: [ng.ncr.ngb-arng.mbx.cms-case-assistance@army.mil](mailto:ng.ncr.ngb-arng.mbx.cms-case-assistance@army.mil).

a. Representative from HRM-I reviews the case submission for accuracy and completeness. Case is either processed locally, routed for further processing, or returned to the state or territory for corrections within 3-5 business days.

b. Representative from ARNG Resource Management Comptroller Division - Financial Services Center (RMC-F) reviews the case submission for accuracy and completeness if routed by HRM-I. Case is either routed for further processing or returned to the state or territory for corrections via the NGB SRIP inbox in approximately 14 business days.

c. Representative from DFAS reviews the case submission for accuracy and completeness. Case is either processed or returned to the state or territory for corrections via the NGB SRIP inbox in approximately 90 business days.

d. If a CMS case is returned at any level for any reason, the timeline starts over.

7. Common CMS Case Return Reasons: CMS cases can be returned for several reasons. Some of the most common reasons that cases are returned include but are not limited to:

a. Unclear comments about the request

b. Data mismatch within the request

c. Missing documentation

d. Personally Identifiable Information (PII) violations (uploading documentation into a case that does not belong to the Soldier)

e. Issue already resolved outside of CMS

f. DD Form 139 contains incorrect information

(1) Signed by state or territory representative

(2) Incorrect address on form ('TO' block)

(3) Missing data in the explanation

ARNG-HRZ

SUBJECT: The Army National Guard (ARNG) Selected Reserve Incentive Program (SRIP) Policy (ARNG-HRZ Policy #25-01)

(4) Amount mismatch at top and in explanation ('AMOUNT' block and 'EXPLANATION' block)

g. Additional guidance from DFAS on a case-by-case basis

8. Recordkeeping: All Soldier records in the GIMS will have comments entered that clearly indicate the type of action, disposition, and the date completed. Documents must be uploaded in the Soldier's iPERMS.

a. All Soldier records, to include supporting documentation, will be stored in GIMS as the system of record. Supporting documentation will also be placed into the Soldier's iPERMS record as required to by applicable document matrix. Incentive Managers will document actions with clear and concise comments in GIMS. Type of action and date completed are already built into the transaction and will display in the history along with the detailed comments.

b. Incentive Managers will keep a local tracker of transactions submitted to HRM-I or DFAS. This tracker should include the necessary information to accurately track, verify, and validate that submissions have been completed. This tracker can be requested by HRM-I at any time and at a minimum should include the CMS case number, date submitted, action requested, action taken, date completed, and Soldier has received all applicable payments. State IM(s) should develop and maintain this tracker in conjunction with their local USPFO.

## **ENCLOSURE 11: MANUAL PROCESS**

1. In the event that GIMS is inoperable, or data within the system has not been updated properly, HRM-I (or the ARNG G-1) will provide guidance to State G-1s and State IMs. States cannot function in a manual environment until approval by HRM-I (or the ARNG G1).
2. In a manual environment, it is important to recognize the separation of duties and responsibilities between the three levels of review: State IM, State 2nd Reviewer, and USPFO. These levels of review cannot be completed by the same individual or duty position.
3. The State Incentive Office is responsible for internal management controls established within their respective State. State Incentive Office internal controls must eliminate erroneous or fraudulent contracts from being issued and/or paid. It is imperative for the State IM(s) to properly evaluate, verify, accurately record, and be able to report all information and data concerning the entire process from issuance through payment of all incentives. In addition, the State IM is also responsible for keeping all supporting documentation on file until GIMS is fully operational and records can be manually input into the system. In a manual environment, the State IM must properly evaluate, verify, accurately record, and be able to report all information and data concerning the establishment and payment process.
4. The State IM(s) will work with their Recruiting and Retention Battalions to identify Soldiers who enlisted with incentives. The REQUEST system will provide a report for this purpose which the State IM can request via their respective ARNG MEPS GC. This only applies for contracts issued through MEPS.
5. All other incentives will be required to be request via Manual Incentive Request Form (published upon notification of manual processing) submitted to HRM-I. HRM-I will issue all bonus addendums assigning an 'issuance number' to the top right of the addendum. HRM-I will maintain a tracker with the issuance number and all other details. Any addendums signed that do not have a valid issuance number will be considered invalid and potentially fraudulent contract.
6. Bonus establishments and payments will be processed IAW internal State SOPs manually to their USPFO. Templates for eligibility checklists and establishment and payment spreadsheets will be published upon notification of manual processing.
7. SLRP payments will be processed IAW internal State SOPs manually to their USPFO. Templates for eligibility checklists and payment spreadsheets will be published upon notification of manual processing. USPFO will be required to submit SLRP payments to HRM-I between the 10th and 15th of each month. Any payments submitted

ARNG-HRZ

SUBJECT: The Army National Guard (ARNG) Selected Reserve Incentive Program (SRIP) Policy (ARNG-HRZ Policy #25-01)

outside of these dates will be returned and told to resubmit between the 10th and 15th of each month.

8. Any change or updates to this guidance will be published immediately following a system outage or requirement of manual processing.

## **ENCLOSURE 12: GUIDANCE FOR CLOSED YEAR PROCESSING**

1. IAW DoDFMR Volume 3, Chapter 10, 3.3 Closed/Cancelled Accounts, On September 30 of the fifth FY after the period of availability for obligation of a fixed appropriation account ends, the account must be closed and any remaining balance (whether obligated or unobligated) in the account must be cancelled and thereafter is not available for obligation or expenditure for any purpose.

2. Open year is defined as five years plus the current FY. For example, the current FY is 2025, five years back is 2024, 2023, 2022, 2021, 2020, this makes FY 2019 a closed year. Open and closed years function on an FY cycle, it is not based on the Soldier date of entitlement or calendar year.

3. Once a payment has been identified as owed to the Soldier and they fall within a closed year, the following steps must take place.

a. The Soldier must be notified of their eligibility for the payment using the Barring Act Memo template (See Enclosure 14).

b. The Soldier must submit an ABCMR requesting the payment of those payments in a closed year.

c. Once the Soldier receives an approved ABCMR, the State IM must complete the TAG concurrence memo for the ABCMR.

d. After the State IM has received the approved ABCMR and TAG concurrence memo, the State IM will create a closed year packet including the following documents:

- (1) Soldier's Memo (see Enclosure 14)
- (2) G1/MILPO Memo (see Enclosure 14)
- (3) ABCMR Finding's
- (4) ETP (If the SM had an approved ETP)
- (5) Updated NSLDS's (Required if requesting SLRP)
- (6) DD Form 2475 (Required if requesting SLRP)
- (7) Bonus/SLRP Addendum
- (8) Payment Spreadsheet

ARNG-HRZ

SUBJECT: The Army National Guard (ARNG) Selected Reserve Incentive Program (SRIP) Policy (ARNG-HRZ Policy #25-01)

e. The State IM will submit all required documents to the Closed Year inbox at [NGB-HRMI-Closed-Year@army.mil](mailto:NGB-HRMI-Closed-Year@army.mil)

f. The closed year request will be routed through HRM-I and G8 to secure funding. Upon receipt of the closed year memo, it will indicate how to process approved payments. The State IM may need to work with their USPFO to properly process payments owed IAW G8 and HRM-I guidance.

### **ENCLOSURE 13: DISPOSITION OF INCENTIVES FOR A DECEASED MEMBER**

1. Upon the death of a Soldier, all bonus entitlements due to the Soldier's beneficiary are processed by DFAS in coordination with the Casualty Assistance Office (CAO) and/or USPFO. The State SLRP Manager/IM is responsible for providing a copy of the incentive contract to the State CAO or the Military Pay section of the USPFO. The DFAS will determine the beneficiary's entitlement and will process all payments due.

a. Bonus contract(s) record must be completed in GIMS as follows:

(1) If the Soldier has an active bonus contract that has been paid in full, with no payments remaining and with all payments processed before the Soldier's death, no action is required unless the contract was already in the termination process.

(2) If the contract is in the termination process, submit an ACR to move the contract out of "Termination" status and into "Complete" status.

b. If the Soldier has an active bonus contract with outstanding payments remaining, address as follows:

(1) If the date of entitlement is prior to the Soldier's date of death, the State IM must action the payments in GIMS using the processing method OOS with a comment that the payments are due to the death of the Soldier. Once the payment actions are approved, they will move into the "CMS/OOS Payments" bin. Once the payments are in this bin, the IM must mark them as complete.

(2) If the date of entitlement is after the Soldier's date of death, the IM must submit an ACR requesting that the dates of entitlement for all payments due after the Soldier's date of death be changed to the day before the date of death. Once the ACR is approved, the IM must action the payments in GIMS with the processing method "OOS" with a comment that the payments are due to the death of the Soldier. Once the payment actions are approved, they will move into the "CMS/OOS Payments" bin. Once the payments are in this bin, the IM must mark them as complete.

2. The SLRP contract record must be completed in GIMS as follows: If the loans under the SLRP contract are Federal loans, they will be discharged (i.e., forgiven) when the lender/lenders receive the death certificate from the Soldier's Family. No prorated or additional payments are authorized.

3. If an officer/Soldier has an approved bonus or SLRP contract with a contract start date after the date of death, the State SLRP Manager/IM must submit an ACR requesting the contract be moved to "Pending Validation" status. Once the ACR is approved, the State SLRP Manager/IM must invalidate the contract.
